PRESIDENT’S MESSAGE

Technology on the Trail

You decide to go into nature to ‘Get away from it all’. To get away from stress, be removed from the hustle and bustle of life and quiet our minds. Each time you go on the trail it is a different adventure! Listening to the sounds of nature, seeing the different trees, flowers, and types of mushrooms. You come to an overlook and are enjoying the view, looking down at the towns and lakes below you when someone’s cell phone rings. This seems to be a contrast to the reason why you came out here in the first place. It’s a common occurrence on group hikes these days.

I started to think about how hiking the AT had changed since it’s inception. Gone are the days when a Thru-Hiker had little or no contact with the outside for days or weeks at a time. Technology has radically changed the way people hike and I was curious to know how the Thru-Hikers felt about it. Were they ‘purists’ who wanted a truly primitive experience or did they welcome the technology? At our Trail Magic this summer I had questionnaires about hiking and technology I asked the hikers to fill out.

I was surprised by the results. Every one of them said they used electronics in one way or another. Of the people who filled out the survey 12 said they answered the phone or texts while hiking and 8 said they didn’t. One person who didn’t answer the phone said ‘I like not feeling obligated to answer texts and calls.’ But that opinion seems to be in the minority. One person said they used electronics for reading, one for updating their journal and one listening to music. Using the phone for taking pictures was the 2nd most popular use with 6 tallies. Keeping in touch with family was by far the most popular use for the phone. Before cell phones hikers had to wait until they got into a town to let their loved ones know they were Ok. Now families expect to be in constant contact. Laurie Potteiger a spokeswoman for the Appalachian Trail Conservancy said ‘that today panicked families call the conservancy if they don't hear from a hiker for a day or two. Those frenzied calls are on the rise.’ Staying connected is clearly a priority for hikers and their families.

While your phone is in your pack don’t forget to be prepared with some conventional equipment. Five people in our survey said they used their phone for maps or guides. Potteiger also stated that “Over-reliance on wireless devices has led to a dangerous lack of preparedness by hikers, who fail to pack maps and compasses, expecting cell phone apps to do it all.”

Carl Griffin, 66, a strong hiker and enthusiastic trail maintainer, died September 5. He was an active member of the Allentown Hiking Club for 20 years.

In 1999 Carl began leading hikes for AHC. Among his activities were fitness, cycle, tubing, and paddling events. For many years, he led popular hikes in Lehigh Gorge and on the D & L Trail. Beginning in 2003, Carl helped organize the club’s annual picnic at Franco Park, and he served as grill master for the hot dogs. Through his involvement in AHC, Carl met Anne Ruddy and they were married in 2004.

Carl enjoyed trail maintenance, and was adept at rock work. In 2005 Carl took over as Outerbridge Shelter Chair, a position he held for 13 years. He made frequent (sometimes weekly) trips to inspect the shelter, remove garbage, and make repairs. In 2007 he added corridor monitoring to his club duties, often assisting with monitoring extra sections. No rock field or steep slope was too difficult for Carl!

When AHC agreed to maintain Lock 2 along the D & L Trail, Carl became a regular on the twice yearly maintenance trips. And when the Lehigh Gap Nature Center began to develop a trail network, Carl helped design and maintain those trails. He remained an active maintainer until health issues in 2017 restricted his activities.

From 2011 to 2016, Carl served as AHC treasurer. He resigned this position to become the club’s Appalachian Trail Monitor Coordinator in 2016.

For his many years of service to the club, Carl was recognized as an Honorary Member in 2012. By 2015, Carl had contributed more than 1000 volunteer hours to the Appalachian Trail. Carl was truly a dedicated club member and extraordinary volunteer, and members of the Allentown Hiking Club will miss his enthusiasm and friendly smile. The Allentown Hiking Club offers its condolences to Anne.

Clothing and Gear
What you need to carry depends on how far you're going, where, and when. New equipment for even an overnight hike can easily run $1,000 to $2,000 or more. However, some backpacking stores offer gear rental, and notices for used equipment are often posted on A.T.-related discussion forums.

What should I carry?

Packing for a day-hike is relatively simple. You should have:
A map and compass (learn to use them first!)
Water (at least 1 quart, and 2–3 on longer hikes in hot weather)
Warm clothing, rain gear, and a hat
Food (including extra high-energy snacks)
A trowel for burying human waste and toilet paper
A first-aid kit with blister treatments
A whistle (three blasts is the international signal for help)
A garbage bag to carry out trash
Sunglasses and sunscreen—especially when leaf cover is gone
A blaze-orange vest or hat during hunting season

On longer hikes, especially in remote or rugged terrain, add:
A flashlight with extra batteries and bulb
A heavy-duty garbage bag to use as an emergency tarp or to insulate a hypothermia victim
A sharp knife
A fire starter, such as a candle, and waterproof matches
Shelter, such as a tent or tarp
A lightweight pot and cooking utensils
A stove and fuel
Medium-sized backpack (big "expedition–size" packs are usually overkill)
A pack cover or plastic bag for rainy weather
A sleeping pad to insulate you from the cold ground
A sleeping bag of appropriate warmth for the season
Additional food and clothing
50’ of rope or cord to hang your food at night
Water filter or another method of treating water
What kind of clothing do I need?
Hope for the best weather, pack for the worst. Clothing to protect you from cold and rain is a must, even in midsummer and especially at higher elevations. Avoid cotton clothes, particularly in chilly, rainy weather, which can strike the mountains at any time of year. Wet cotton can be worse than nothing in that it does not dry easily or quickly and can contribute to hypothermia, a potentially fatal threat. Synthetic fabrics such as polypropylene and various acrylic blends as well as wool or silk will help protect you against the dangers of hypothermia. Layer your clothes—a “polypro” shirt, synthetic fleece, and a coated nylon or “breathable” waterproof outer shell will keep you both warmer and drier than a single heavy overcoat in cold, damp weather. Remember, hiking will make you sweat, no matter the weather. Shedding thin layers enables you to regulate your body temperature more effectively than choosing between keeping a heavy jacket on or taking it off.

Is my footwear adequate?
Hiking boots are optional for day-hikes but recommended for overnight and long distance hikes over rough terrain. Many hikers wear trail runners or lightweight boots. The most important thing is that shoes or boots fit well and are well broken-in before you hit the trail—nothing ends a hike quicker than blistered feet, and even minor blisters can become infected and cause serious trouble. Because backpackers can expect their feet to swell, long-distance hikers should buy boots half a size too big.

-Originally posted in the Summer 2011 newsletter.
The general public is invited to join us on hikes and other events. If a club or organization wishes to include one of our hikes as a formal activity on its schedule, we ask that it contact the leader in advance for permission. Times listed are departure times; please arrive at least 15 minutes before the listed time. Starting times are strictly observed and appropriate clothing and sturdy shoes/boots should be worn at all times.

Generally, our pace is moderate with opportunities for resting and sightseeing. Every attempt is made to assist and encourage hikers, but we cannot be responsible for their safety on the trail. Any rugged outdoor activity entails risk, and we expect all participants to rely on their own judgment and good sense to take care of themselves and know their limitations. Anyone under 18 must be accompanied and supervised by an adult. Hikers are expected not to lag too far behind the main party.

We car-pool as much as possible to save fuel. PASSENGERS PAY DRIVERS 10 CENTS PER MILE TO DEFRAY FUEL EXPENSE. Drivers, please remember to check your mileage and let the passengers know how much mileage reimbursement they owe you.

Meetings are held at 7:30 pm the first Wednesday of the month at St. Timothy's Lutheran Church, 140 South Ott Street, Allentown, Pa. Meetings include a discussion of the previous month’s activities, as well as upcoming activities. Scheduling meetings are held quarterly for members to coordinate hikes/trips, etc. for the upcoming schedule. All members are invited and encouraged to schedule activities; we are a 100% volunteer organization, and it is up to members to keep the schedule filled.

**AHC HIKE RATING SYSTEM**

In an attempt to assist hikers, a hike rating system has been set up to allow the hiker to judge his/her ability to complete the hike. The rating system will precede the Allentown Hiking Club's usual hike description. On multi-day outings such as backpacks, the rating for the hike will reflect the distance traveled on a per-day basis. Remember that the hike ratings are assigned by the hike leader, and are therefore based on the leader's subjective opinion. The rating system is:

| Saturday  | 10-6-18 10:00 am | **Peace Valley Family Hike - Perkasie/Doylestown (1 mile)**  
The Pooh Tree is a great place for children to visit. The walk is only about a half mile loop and perfect for little ones. It is a wooded trail so strollers would not work well but it is do-able for even toddlers at a slower pace. We'll make the loop for the children and spend a little time exploring the Pooh tree and then head back. If anyone wants to continue exploring trails, we can do that too. According to the Peace Valley website, "Peace Valley offers 14 miles of nature trails in the woods and meadows at the eastern end of Lake Galena. The walking options vary from groomed foot paths near the Nature Center Solar Building to remote hiking trails in the mature woods. The foot paths are generally mowed or graveled and provided with bridges or stone steps at creek crossings."

Back then, this was the month to set beaver traps before the swamps froze, to ensure a supply of warm winter furs. This is an 8 mile loop hike, starting at the Hamburg Reservoir parking lot and then going up to the Pulpit and Pinnacle for spectacular views of the rising full moon. Sunset is at 4:40pm and moonrise is at 5:27pm. This is not a beginner's hike due to the ~1000' ascent, rocky terrain and nighttime conditions. Sturdy hiking boots are recommended. Bring a headlamp or flashlight, at least 2 liters of water and food/snacks. Also bring warm layers as we will be waiting at the Pinnacle for the moon to rise. Rain/snow or overly cloudy conditions could cancel the hike.</td>

<td>Weeknight Walks - Quakertown Eagle (3-4 miles)</td>
<td>Join us for a walk through Quakertown. We'll meet at the Eagle/Local in Quakertown and stay together as we head down to the lighted Park at 4th. After the walk we'll head back to the 200 year old historic Eagle/Local, a familiar local dive bar. Plans for renovations have been pushed back but the food is good! As it is dark now, please wear bright clothing and/or bring a flashlight. Meet in the parking lot behind the Eagle/Local. (make sure your GPS takes you to Quakertown and not Trumbauersville - we've had a few problems with that) Thunderstorms, Heavy rain cancels.</td>

| **Sunday** | **12-9-18 9:00 am** | **Trexler Nature Preserve Loop Hike**  
A hike through the wilds of the Trexler Game Preserve  
This loop hike will explore the northern portions of the Game Preserve, beginning at the Trexler Environmental Center, following the Border Trail through the Central Range to the North Range, then taking a variety of trails to explore the lesser-traveled sections of the park, returning to the Central Range and concluding on several trails that run along the Jordan Creek. There will be several long, steep climbs, multiple scenic overlooks, and likely buffalo and elk sightings. Early bailout options will be available. Wear sturdy hiking boots and bring at least 2 liters of water, lunch and snacks. Rain cancels. Trail map can be found here: https://www.lehighcounty.org/Community/Trexler-Nature-Preserve/Our-Progress/Invasive-Plant-Removal
